**Progress Bar:** Helps you keep track of your progress through the screens. Check mark shows you have visited a page. You can click the link under a checked box to return to that page.

**Log-in Section:** To apply online, you must have a User ID and password. A User ID requires a valid email address. You can use an existing email address or create a new one using a free email provider. Instructions for that are given here.

**Search Openings:** Anyone can search for State jobs. This link leads to the search page where you can search by location, department, or job. If you want to apply for one or more jobs online, create a User ID if you don't have one.

The left navigation bar includes familiar links from the Department of Administrative Services, Human Resource Enterprise web site. Some of them have changed as a result of the new application system and others have stayed the same.
